

October 7, 2022.

Hello Grade 6/7 Parents/Guardians,

Last month, we completed our field trips to the Gitumden, Unistoten, Tsayu and Likhsamisyu territories. On October 14, 2022, our class will go onto Liksilyu territory to go hunting. We are continuing to make connections with our yintah, our elders, and the resources. We are learning about the caretakers of the land and how the land takes care of us. Angie is continuing with our garden program, and has planted garlic with the grade 4/5 class and will continue to prepare the soil for planting next spring. Our class has adjusted very well to the routine of being at school and working hard in their studies.

I am looking forward to meeting with all parents. I had a handful of parents come in during the open house. Our meeting will ensure that we are working together to help each student succeed. Please reach me at the school for a time for us to meet, so that we can plan the best for each of your children.

Our class will be hosting a haunted house for the school and community members. I am asking for parent volunteers to help set this up. Please contact me for more information. We will also be hosting a bake sale on October 31. I am looking for donations of jello-cups, Halloween themed cupcakes and any other Halloween themed baked items. Thank you in advance.

Mrs. Wilson
