

March 2023

Spring is in the air!

House Keeping Items:

-Attendance has been an issue. Just a friendly reminder that our program is to be treated as work experience. In any job field, attendance is strict and important.

(If you are more than 15 minutes late, you will be docked ½ days pay.)

-SPRING BREAK PAYMENT – Students will be paid throughout spring break. Please keep in mind that nothing in life comes for free and as a Pre-Employment program, we need to ensure we are helping out our community/ Volunteering hours to help justify those Spring time Payments. This is a very Generous deal set out for the students, please try to have the best attitude and commitments when asked to volunteer.

(Can you all brainstorm some ideas/ways we can help support our community.)

-As we approach our Spring Break, we need to ensure our work spaces are cleaned and organized. It is important that we come back into a clean work space after our break. If you haven't already, please work on getting our work spaces cleaned and organized. (Desks, Bins, Binders, shelving units etc.)

Sunrun Training – Every Monday, Wednesday and Friday.

(Fridays are optional, those that do not walk on Fridays are to help cook in the kitchen.)

Helping an elder – Every Monday up until our Spring break. Please connect with your specified elder to set up a job/ task they need help with.

As per usual, Thursdays will be dedicated to Catering/fundraising and Fridays we cook as a group.

We have a few Birthdays to celebrate this month.

Brett – March 8

Branson – March 17

Valerie - March 24

We only have a few weeks left until our spring break. Let's get into gear and get our tasks and assignments complete. Before we know it, we will already be on break. Time has been flying past us, so it is important to be mindful of time management. Let's get caught up on all of our assignments before the break! Please ask for help if you are needing any assistance. Communication is key!

Spring Break is coming Fast! March 24th will be our last day in classes before the break!
