Nek'wilgi Pre-Employment Program

Remembrance Day

A day to honor the Veterans who fought and served for us to be free. A day to reflect on peace. Do you have a peaceful life? How can you make your life more peaceful? There are many times in our lives when someone is basically asking us to argue or fight. We can choose not to fight. Sometimes this is walking away, sometimes this is saying something like, "I hear your point. I will think about what you said." This makes them stop arguing with you and you can actually think about what they said. We always have a choice.
